Key Skills

Coding Languages: HTML, CSS, JavaScript, Vue.js, Node.js, React.js, Java, Python, Spring, MySQL, Git

About me

I am an individual who completes work on time, is punctual, hardworking, and trustworthy. Even under pressure, I am able to determine what is important and complete the task at hand. I am able to work in any team and contribute to team projects. But I can also work as an independent developer.

Achievements & Key Projects

On-The-Go Rentals: Completed my first full-stack web application as the capstone project at CPUT. It is a car rental application using Spring Boot for the backend and Vue.js for the frontend.

Chat app: Chat app using React and Firebase.

CapaCiTi: Completed six month software development learnership program.

Graduated from CPUT after completing my 3-year diploma in ICT, applications development.

Work Experience

CapaCiTi: Software Developer intern

July 2023 - January 2024

- Gained tech skills and learnt different coding languages to develop applications

Emcon: Assistant in payroll and finance captures

March 2019 - December 2019

- During my gap year in 2019, after completing my matriculation, I worked at my uncle's company, Emcon Construction and Maintenance. I assisted in capturing data for fortnightly workers' wages and salaries for permanent staff at Emcon.
